

AKGÜN GRUP
FURNITURE & DECORATION

Catalogue 2022

www.akgungrup.com.tr

The naturalness of trees gives life to spaces. The colors, textures and features of wood reshape the space. Sometimes a small touch, sometimes creation from scratch... Combining naturalness with quality requires respect, patience and mastery.

As Akgün Grup, we have been providing services in the field of furniture and decoration for more than 40 years, and have been applying the same and the best quality, craftsmanship and care in every detail from design to practice.

Thank you for choosing and trusting us.

Akgün Grup
Furniture & Decoration

**Inspiring world with
innovative space design.**

Akgün Grup, which started its production activities in a workshop of 150 m² in 1981, increased its production area to 900 m² in 2000.

With the investment made in 2006, the company has increased its production floor and warehouse capacity to 7.000 m², including an indoor area of 4.000 m² and an outdoor area of 3.000 m². The machinery plant has also been changed and strengthened along with the expansion of the production area. The production capacity has been greatly increased with the use of computer aided machines and with an experienced team. We are able to process all kinds of raw materials brought into the production line in all kinds of ways, thanks to the latest technology machinery.

In the wood, metal, acrylic, skeleton, polish and flooring lines along with the team of experts; classical production machines and equipment, as well as machines computerized with cutting-edge technology are used.

7000 m² working and storage area.

120 employees

Design

Design is an art form without limitations or borders. An indescribable concept that varies according to tastes, perspectives and styles.

1 Design Projects

We create details, shop drawings, patterns, ratios, proportions, surfaces and color samples preparation and presentations with our architectural team.

2 Special Design Products

Comfortable, ergonomic, functional, stylish, aesthetic, robust and high quality. We design furniture that you will enjoy for many years, with all details considered based on your comfort and expectations. We bring your design projects and your style to life.

3 Production Line

We focus on the highest benefit, lowest cost and timely delivery with rational solutions. In our cutting edge technology machinery plant, we can produce both mass production and user-oriented designs.

4 On-site assembly

We have implemented many projects within the country and abroad. With our experienced and qualified team, we make on-site installations and deliver it to you completely and on time.
